

Surfing Through Hyperspace: Understanding Higher Universes in Six Easy Lessons (Paperback)

By Clifford A. Pickover

Oxford University Press Inc, United States, 2001. Paperback. Book Condition: New. Revised ed.. 226 x 152 mm. Language: English Brand New Book ***** Print on Demand *****.Do a little armchair time travel, rub elbows with a four-dimensional intelligent life form, or stretch your mind to the furthest corner of an uncharted universe. With this astonishing guidebook, Surfing Through Hyperspace, you need not be a mathematician or an astrophysicist to explore the all-but-fathomable concepts of hyperspace and higher-dimensional geometry. No subject in mathematics has intrigued both children and adults as much as the idea of a fourth dimension. Philosophers and parapsychologists have meditated on this mysterious space that no-one can point to but may be all around us. Yet this extra dimension has a very real, practical value to mathematicians and physicists who use it everyday in their calculations. In the tradition of Flatland, and with an infectious enthusiasm, Clifford Pickover tackles the problems inherent in our 3-D brains trying to visualize a 4-D world, muses on the religious implications of the existence of higher-dimensional consciousness, and urges all curious readers to venture into the unexplored territory lying beyond the prison of the obvious. Pickover alternates sections that explain the...
