Artists Orchard, LLC, United States, 2015. Paperback. Book Condition: New. 178 x 127 mm. Language: English . Brand New Book ***** Print on Demand *****.An estranged husband who was a former high-school sweetheart. A suitor spurned after a night of boozing and dancing. A secret early-morning lover. These were three of the five viable suspects police were investigating after 23-year-old Catherine Janet Walsh s parents discovered her half-nude body in her bed that Saturday morning of a sultry Labor Day weekend in 1979. But there was not enough evidence to convict any of them. Thirty-two years later, thanks to the emerging science of DNA forensics, Detective Andrew Gall, who was the initial responding officer to the murder scene, had a prime suspect in this cold case. Sperm left on the stored evidence -- a nightgown, a robe tie to bind the young secretary s hands, and a bandana used to strangle her -- pointed to one of the five men who had motive and/or opportunity to kill her. But this true saga of liquor- and sex-tinged murder that disrupted a small riverside blue-collar town where crime was rare and everybody was related or friends, was only beginning. Now came the trial - no prosecutorial slam dunk, despite the scientific and forensic evidence - as the story of the murder was told in a courtroom drama involving internationally renowned forensics and DNA experts, conflicting character testimony, questionable alibis, and compromised memories of one long night and early morning of dancing, drinking, partying, and death.
