

Historical Records and Studies, Vol. 12: June, 1918 (Classic Reprint) (Paperback)

Filesize: 1.19 MB

Reviews

It is one of the best books. Indeed, it really is a play, nevertheless an amazing and interesting literature. It is extremely difficult to leave it before concluding, once you begin to read the book.

(Sofia Yundt)

Brand New Book ***** Print on Demand *****.Excerpt from Historical Records and Studies, Vol. 12: June, 1918 Among the remarkable events entering into the history of the United States during the past century the great expansion of its territory stands out prominently. The original thirteen States, forming the Union, comprised an area of 892,135 square miles. Therafter, commencing with the Louisiana purchase in 1803, and continuing down to the recent (1917) purchase of the Danish Islands in the West Indies, the United States has been adding to its territory until the present time when the total area over which our sovereignty extends amounts to 3,743,448 square miles or more than four times the original area of the Union. By far the larger part of this added territory was acquired by peaceful cession and treaty, France, Spain and Russia being the largest contributors. The most of this teritory lies adjacent to our original boundaries, some of it within the nearby waters of the Caribbean Sea. The furthestmost limits of the great Alaskan tract, which lie within the Arctic Zone, are separated from Eastern Siberia by Behring s Strait, a waterway only thirty-six miles wide at its narrow point, while the Philippines lie within the continent of Asia and are more than 6,500 miles distant across the vast expanse of the Pacific from the nearest port of continental America. This new territory so widely distributed implies a great variety of climate and natural resources as well as a diversity in the races of people by whom the same is occupied, and every section carries with it its own political and religious history. Each has been the scene of Catholic missionary effort. About the Publisher Forgotten Books...
