Classics Alive Book 1 offers teachers and students a wide selection of literature to help pace musical and technical development evenly and with ease. The book presents 72 pieces of standard teaching literature by 12 composers----familiar and not so familiar---who wrote exceptionally well for the late-elementary/early-intermediate student. Studying these works will give students a solid foundation in the best literature available at their level, and will prepare them to proceed to more advanced music. The pieces are easy to learn, rewarding to play and sound great!
