By Bruno Munari

Princeton Architectural Press. Paperback. Book Condition: new. BRAND NEW, Bruno Munari: Square, Circle, Triangle, Bruno Munari, Circle: "God is a circle whose center is everywhere but whose circumference is nowhere." Circle means perfection, cyclicity, superiority of the divinity, but also instability and movement. In nature soap bubbles are spherical and internal trees' rings are circular; the legend tells that Giotto drew a perfect O, while perfection is tangible on Michelangelo's Tondo Doni and Botticelli's Vergine col Bambino. King Arthur's knights were pairs around a round table, and nowadays people sit in circle to make a decision or watch a show. Bruno Munari selects and describes in this little, extraordinary encyclopedia, several uses of this fascinating and mysterious form, unstable and hieratic at the same time. Square: Square has much importance in man's life: a lot of churches, monuments, games (like chess), and fonts are square-based. But man seems not to realise it. one more time Bruno Munari amazes us with an historical, anthropological, scientific square book. Triangle: From the vegetable structure of the coconut to the diagram of human settlements by Le Corbusier, one can frequently find the shape of the equilateral triangle in many different occurrences, both in a natural...
